

As one of the few universities in Australia to offer both higher education and vocational training, VU students can do apprenticeships, certificates, diplomas, degrees or postgraduate studies – entering from various points and exiting when they've achieved their goal.

Our pathways connect courses between TAFE, higher education and postgraduate studies. So if you didn't get the ATAR score to get into your chosen degree, want to change career or add to your skills, we can help you design a study pathway to help you reach your goal.

We also offer five higher education diplomas, each providing a streamlined pathway straight into the second year of the bachelor degree, with full credit for the first year of the degree.

Once you have successfully completed the diploma (to the same academic standard as those completing the first year of the degree) you will pathway into the corresponding degree. The bonus is you will then graduate with two qualifications, a diploma and a degree, or you can enter the workforce after one year with your diploma.

LEGEND

Guaranteed entry only:

Upon successful completion of your TAFE pathway you will be guaranteed entry into the degree. Any credit toward the Bachelor degree must be negotiated with the course coordinator.

Guaranteed entry and credit:

Upon successful completion of your TAFE pathways you will be guaranteed entry into the degree with the nominated course credits. Guaranteed credit values are indicative only – this is the maximum amount of credit granted.
