

# LexisNexis Skills Series Australasian Mooting Manual

2nd edition  
Joel Butler and Terry Gygar

Your step-by-step guide to  
winning a moot court  
competition!

**LexisNexis Skills Series Australasian Mooting Manual** gives a step-by-step outline of all the processes involved in mooting. By the provision of sample moots and examples of all phases of the moot, from research to the final critique, it provides both students and supervisors with models and guidelines for establishing a successful mooting program. The second edition has been restructured and rewritten to include new material on international and high school mooting competitions as well.

**LexisNexis Skills Series Australasian Mooting Manual** explains in straight forward terms the strategies that will lead to successful legal advocacy in a law school context. However, the skills developed in moots are critical to all aspects of life, and the persuasive advocate will certainly have a head start in meeting the challenges ahead.

#### Features

- Expanded section of the administrative and organisational side of mooting includes a checklist for easy administering
